### Privately Held Company founded in 1994

### CEO & President: Frank Pinto

Mr. Pinto acquired Challenge Training & Consulting, Inc (CTC) in 2001 and has since grown the company with the help of a seasoned staff; by delivering innovative solution based services, while enhancing existing client relationships along with building new ones each year. During their tenure with CTC, Mr. Pinto and his team have ensured direct, honest and open communications are fostered with clients/consultants. Ethics, integrity along with consistently delivering what is promised (on time and within budget) have led to very long-term and successful client/consultant relationships over the years.

Prior to his acquisition of Challenge Training and Consulting Mr. Pinto was a Senior Vice President with Chubb Computer Services Professional Service Division and The Chubb Institute. He has held Senior Management positions in technology, training and consulting companies throughout his 25-year career. Mr. Pinto holds a BS and MBA degrees from Farleigh Dickinson University and has completed postgraduate work at Harvard University's Graduate School of Business Administration.

### Our Mission:

Challenge Training & Consulting (CTC) is committed to increasing its client's level of productivity through innovation and personal service, while ensuring the highest level of customer satisfaction by producing quality deliverables that consistently exceed expectations.

### Client Base:

Fortune 1,000 companies in the Life Sciences, Financial Services, Automotive, Retail, Insurance, Healthcare and Manufacturing sectors. Client references are available on request.

### Delivery Capabilities:

National and International

### Examples of Client Engagements:

Ongoing Online and Instructor Led Training for proprietary FDA Regulatory Submissions Applications. (Multiple Life Sciences Clients)

Development of Web-Casts, Databases and Data Collection Portals for SEC mandated Anti-Money Laundering courses for 1,000+ employees. (Financial Services Client)

Development of custom queries and FDA compliant reports, so Standard Operating Procedures (SOPs) stored in an enterprise application could be quickly and efficiently be extracted for audit purposes. (Life Sciences Client)

Development of Online Records Management Courses for a Client's Pre-Sales Engineers. (Document Management Company)

Development of Common Technical Document Templates (21 CFR Part 11 Compliant) for FDA Submissions along with training the authors on how to utilize the CTD Templates. (Life Sciences Client)

Development of a Global MS Office 2007 Training Portal (Life Sciences Client)

Develop Sales and After-Sales Courses for National Dealer Network (Automotive Client)
